**REQUIREMENTS FOR PERMIT TO USE LOCAL ROADS AND/OR PUBLIC LANDS**

*All of the following requirements must be complied with for consideration of a permit.*

1. It is necessary that we receive permit requests for use of a local roads and/or public lands at least one month (30 days) in advance of the scheduled event. It is possible that a permit may not be issued for an untimely event permit request.
2. No printed materials should be distributed to the public on intended event routes prior to obtaining permission from all affected government units and law enforcement agencies for the use of their roads, streets or highways for the event(s). There are certain roads and highways which we and other agencies will not allow to be used or crossed for such events, and this may affect planned routes that have prematurely released to the public (NOTE: the Wisconsin Department of Transportation does not issue permits to use or cross any highway in the State Highway System for these types of events; a separate permit is required by Walworth County Highway to use county truck highways).
3. The event sponsor must be covered by adequate liability insurance for this type of event, and must provide this municipality with a proper certificate of insurance **AT THE TIME AN EVENT PERMIT IS REQUESTED**. The certificate should be sent along with the permit request to: Village of Bloomfield, Attn: Special Events, PO Box 609, Pell Lake, WI 53157 – or – Town of Bloomfield, Attn: Special Events, PO Box 704, Pell Lake, WI 53157.
  - ✓ The municipalities must be listed as an additional insured for the event.
  - ✓ Participants, volunteers, organization employees and spectators must be covered for the minimum amounts of \$1,000,000 for bodily injury AND \$1,000,000 for property damage, not in the aggregate.
4. A standard “INDEMNIFICATION/HOLD HARMLESS” disclaimer clause must be signed by a responsible officer of the event sponsor relieving municipalities from any and all liability that could arise as a result of the event. The disclaimer is located on Page 1 of this permit application and must be signed by a responsible officer of the event sponsor, along with the permit request.
5. It is the event sponsor’s responsibility to contact and obtain permission from all governmental units and/or law enforcement agencies that would have jurisdictional responsibilities over any part of the route used. Failure to obtain such permission could result in the municipalities not issuing a permit for the currently scheduled event or future events on its highways.
6. The event sponsor is also responsible for surveying the intended route prior to the event to look for potential traffic hazards to the participants. Those traffic hazards should be corrected or participants protected by securely closing off those particular hazardous areas to participants. Sponsor shall ensure that all participants stay within permitted areas.
7. Normal “rules of the road” must be followed during the event if the public road, street, or highway is open to traffic. Participants must obey all federal, state and local statutes and regulations.
8. If it is necessary to temporarily close and detour a local road(s) in order to conduct the event, the event sponsor shall be responsible for the erection and removal of all necessary signing and providing all uniformed police officers that may be required for safe and proper traffic direction. Any and all expense in providing the signing and/or uniformed officers shall be assumed by the event sponsors.
9. No trespassing on private property.
10. No defacing of public property, including pavement markings.
11. Immediately after completion of the event, the event sponsor shall be responsible for removing from the local roads, right-of-ways, and public lands any trash, signs and/or other materials that may have been accumulated or used during the event.
